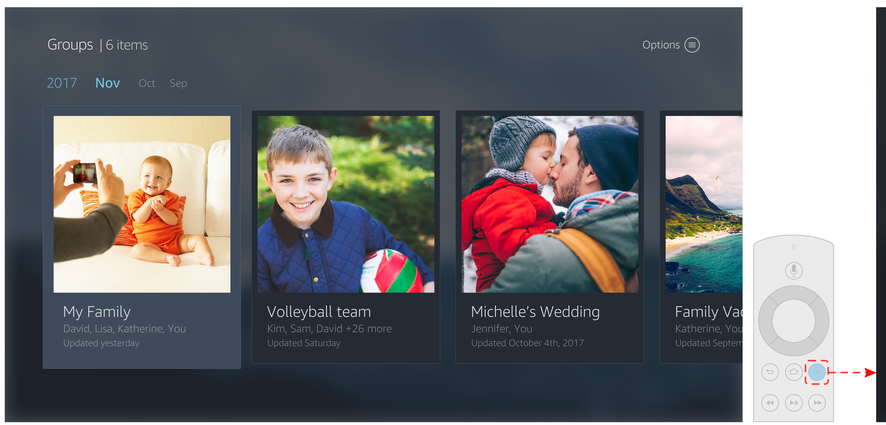
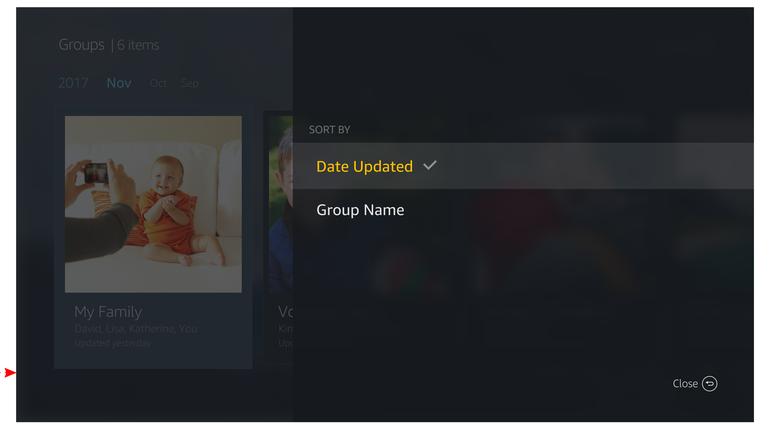
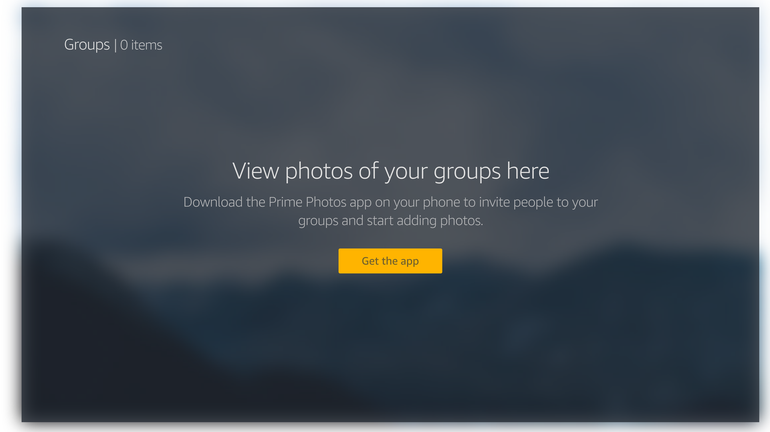
SPECS 02 // Browse Groups

MOCKUPS: Browse Groups







Browse Groups

This is the same layout and styling as "Folders", but with different metadata and sorting.

<u>Metadata</u>
• *Primary*: group name
• *Secondary*: group member names; one line max; truncation via using "+# more" to indicate additional members; order names by most recent upload
• *Tertiary*: date updated; days in past 7 days should be "today", "yesterday", day of the week (e.g., "Saturday) versus actual date (e.g., "October 4th, 2017")

<u>Default Sorting</u>
By Date Updated

Sort Options

• *Date Updated (default)*: By most recently updated, from most recent to lease recent.
• *Group Name*: By alphabetical order of group name.

Empty State

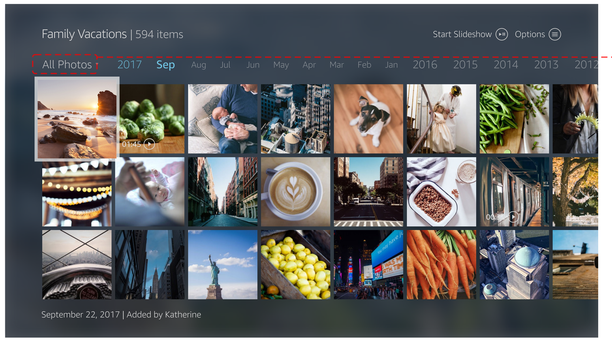
Matches our currently existing Family Vault empty state, only with different copy.

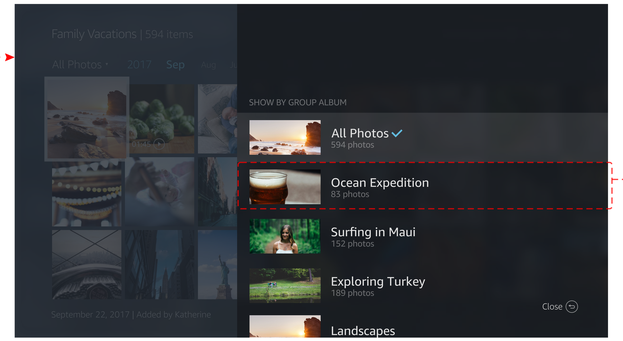
SPECS 03 // Groups Grid View

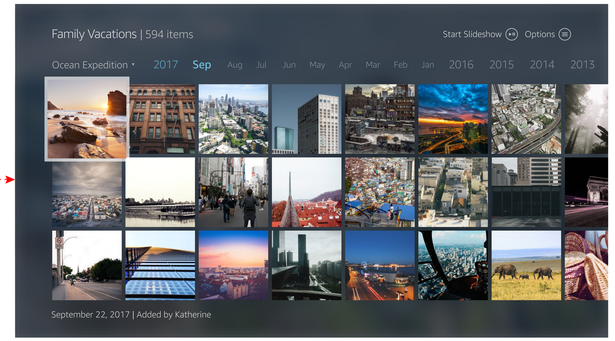
FLOW: Navigating to an Album in Grid View

In the grid view of groups, an albums dropdown is added to the left of the month selector.

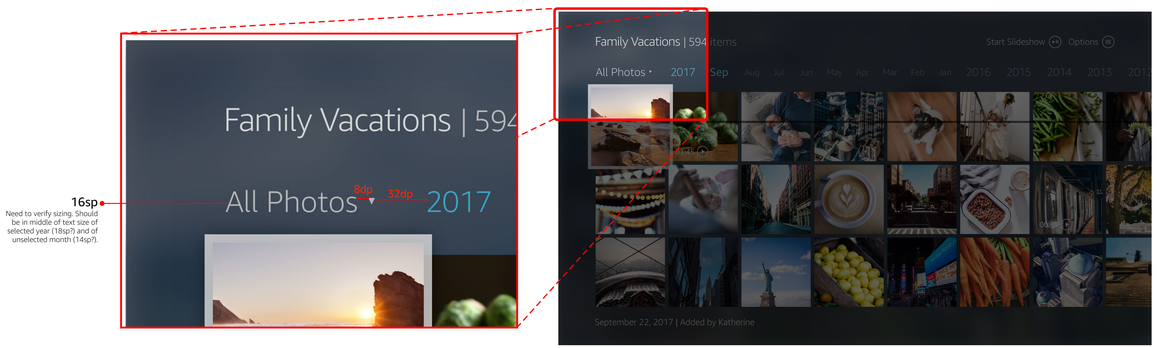
Selecting the dropdown opens up a list of group albums sorted by most recently updated. The dropdown does *not* appear if there are no group albums.





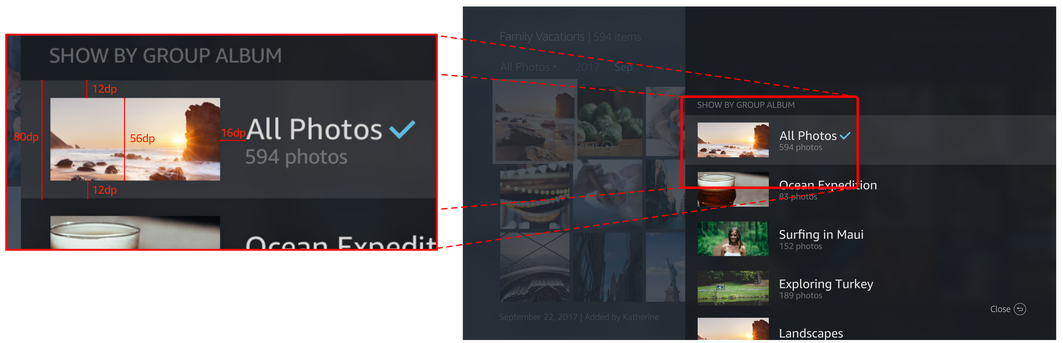


SPEC: Groups Grid View's Dropdown Positioning



Do not show the group album dropdown if there are no group albums!

SPEC: Groups Grid View's Dropdown



The group album image here should be at the same size ratio as how album images are displayed on the home screen.

SPECS 04 // Groups Single Image View

MOCKUP: Groups Single Image View Metadata

When information is turned on the single image view, metadata displayed who added the photo is displayed.
